3 Bedroom, 3.00 Bathroom, 1,824 sqft

Residential on 0.07 Acres

Richmond, Calgary, Alberta

Welcome to 2211 19 Street SW, an extraordinary, fully redesigned and reimagined detached residence in the sought-after inner-city community of Richmond (formerly Knob Hill). This home embodies architectural precision, Scandinavian-inspired design, and exceptional craftsmanship. Gutted to the studs and rebuilt from the ground up, itâ€™s a rare fusion of artistry and engineering that rivals Calgaryâ€™s finest custom homes. Step inside and be captivated by a wide bi-folding custom door framed by engineered metal header beams for flawless function and enduring strength. The open-concept main floor flows seamlessly beneath gleaming birch hardwood, centered around an engineered maple-and-metal floating staircase that defines the homeâ€™s light-filled, structural grace. Expansive south- and east-facing patio doors flood the interior with sunlight, while custom millwork and curated wood details create warmth and depth â€“ from floating shelves with underlighting to Frank Lloyd Wrightâ€“inspired built-in bench seating with electronic drawers. The chefâ€™s kitchen combines style and performance, featuring dual in-wall Fisher & Paykel ovens, double-stacked dishwashers, a five-burner flush-mounted cooktop with Miele downdraft venting, Sub-Zero undercounter fridges and freezer, beverage chiller, Insinkerator pro disposer, and on-demand hot water dispenser â€“ all set within Silestone countertops imported from Spain. Every element was

chosen for quality, innovation, and timeless appeal. A sculptural RAIS Scandinavian wood-burning fireplace, mounted on tempered glass, anchors the living space – an elegant centerpiece for cozy evenings or entertaining. Beyond, your professionally designed outdoor retreat awaits, featuring Indonesian hardwood decking, dual concrete lounge areas, a built-in gas fireplace, and architectural lighting that highlights every detail. Upstairs, the primary suite is a tranquil sanctuary with vaulted ceilings, downtown skyline views, and lush treetop privacy. A Swedish-imported feature wall and custom closet system elevate the sense of calm luxury. The ensuite evokes a Nordic spa, complete with heated floors, dual floating vanities, a wood-accented soaker tub, and a curb-less glass shower with dual heads. Two additional bedrooms – each with custom wardrobes, one with its own ensuite – plus a beautifully redesigned full bath and AEG European laundry system complete the upper level. Every system and surface has been meticulously updated: electrical, heating, and plumbing (2023–2025); triple-pane hardwood-matched windows; EIFS Armour woodpecker-proof stucco; and engineered structural beams throughout. The oversized double garage features spray-foam insulation, keeping upper rooms temperate, along with glass and aluminum doors. The custom-finished lower level includes under-stair organizers, an Indonesian hardwood corner bench, and designer lighting throughout. More than a renovation, this is a complete reinvention of light, space, and craftsmanship.
